Publisher Correction: Improvements and methodological innovations in the application of the Historic Landscape Characterisation methodology to industrial heritage landscapes

María Isabel Alba Dorado^{1*} and Juan Manuel Cano Sanchiz²

Correction: *City, Territory and Architecture* 11, 1 (2024)

<https://doi.org/10.1186/s40410-023-00222-4>

The publisher regrets that the article was originally published without the below information.

The original article has been updated.

Acknowledgements

The authors would like to thank the reviewers of this article for their highly precise comments to the manuscript. The observations have been tremendously beneficial to improve the quality of the text.

Author contributions

The first author has conceptualized, designed the research and written the paper. The second author has contributed to the revision of the manuscript for its publication. Both authors read and approved the final manuscript.

Funding

This research is supported by the research project "Design of an interdisciplinary methodology for the identification, characterization, assessment of and intervention in those landscapes of industrial heritage" (Reference: P20_01361), funded on a competitive basis through an official invitation to participate published by the Andalusian Plan for Research,

Development and Innovation (PAIDI 2020) of the Junta de Andalucía. Funding for open access charge: University of Malaga.

Data availability

The datasets used and/or analysed during the current study are available from the corresponding author on reasonable request.

Declarations

Competing interests

The authors declare that they have no competing interests.
